USAbLe LifeSM

Here's how it works:

You purchase Plan 2 and complete an annual wellness exam. Later that same year, an injury occurs. You fall off a ladder and suffer a fractured elbow and internal injuries. In addition to what your major medical insurance coverage paid, USAble Life's Accident plan will pay you:

- **\$75** for a wellness claim
- **\$300** for ambulance transport
- **\$200** for ER treatment
- **\$930** for a fractured elbow (open)
- **\$1,260** for internal injuries
- **\$320** for two follow-up physician visits
- **\$200** for five physical therapy sessions

\$3,285 in total cash benefits paid directly to you.

Renewability and continuation

The policy is guaranteed renewable during your lifetime. USAble Life may change the established premium rate, but only if the rate is changed for all policies like yours in your state. The policy will not be issued to anyone 65 years of age or over. If you purchase the policy prior to your 65th birthday, you may continue coverage after age 65. A covered dependent who no longer meets eligibility requirements may convert to a comparable individual policy without evidence of insurability. A spouse can continue coverage under the policy upon your death.

Coverage effective date

Effective date means the date shown on the Policy Schedule page for all persons accepted for coverage at the time of issue, provided the application has been accepted and approved by us; the policy is issued; and the first premium has been paid; or the date shown by endorsement for all persons added to coverage after the policy has been issued.

This document provides a brief description of USAble Life's Accident coverage. This is not an insurance policy. Limitations and exclusions may apply and coverage may be reduced or terminated due to lack of eligibility. Please read the insurance policy carefully. USAble Life is the insurer and is solely responsible for the Accident policy (Policy Form AEP (2-13) referenced here.

¹The wellness benefit is paid on a calendar year basis for covered preventative tests.

USAble Life is an independent company and operates separately from Florida Blue. Florida Blue is an Independent Licensee of the Blue Cross and Blue Shield Association. USAble Life does not sell or service Florida Blue products.

The effective date is assigned by USAble Life in accordance with our policy dating rules in effect at the time your policy is issued. The coverage provided by the policy will not be effective unless there has been no change in the health of any proposed insured person listed on the application between the date of the application and the effective date of the policy.

Exceptions and limitations

The policy pays only for loss resulting from a covered accident as defined in the policy. It does not cover injuries incurred as a result of a covered person:

1. Being exposed to war or any act of war, declared or undeclared, or serving in any of the armed forces.
2. Intentionally self-inflicting bodily injury or attempting suicide, while sane or insane.
3. Participating in any form of flight aviation other than as a fare-paying passenger in a fully licensed/passenger carrying aircraft.
4. Participating in, or attempting to participate in, an illegal activity that is defined as a felony as defined by the law of the jurisdiction in which the activity takes place.
5. Participating in any activity or event, including the operation of a vehicle, while under the influence of a narcotic (unless administered by a physician and taken according to the physician's instructions) or while intoxicated. "Intoxicated" means that condition as defined by the laws of the jurisdiction in which the accident occurred. Conviction is not necessary for a determination of being intoxicated.
6. Driving any commercial passenger-carrying or cargo vehicle, except school buses, for wage, compensation, or profit.
7. Mountaineering using ropes and/or other equipment, parachuting, or hang gliding.
8. Having cosmetic surgery or other elective procedures that are not medically necessary, or having dental treatment except as a result of injury.
9. Participating in any sport or activity for wage, compensation or profit; or racing any type vehicle in an organized event.
10. Having any sickness or declining process caused by sickness, including physical or mental infirmity or infection (except bacterial infection from a covered accidental injury).

Read your policy carefully

This outline of coverage provides a brief description of the important features of your policy. This is not the insurance policy, and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and your insurance company. Policies of this type are designed to provide to persons insured, restricted coverage paying benefits only when certain losses occur as a result of accident only. Coverage is not provided for basic hospital, basic medical-surgical, major medical, or comprehensive expenses. Benefits are payable for losses resulting from injuries sustained in a covered accident only, as defined in the policy. The loss must occur or injury must be diagnosed or treated within the time periods stated in the policy. Benefits for some losses may vary depending upon the severity of the accident. See the policy for specific amounts payable.
